The Israel Free Loan Association (IFLA) is a non-profit, volunteer organisation currently providing over 3,500 interest-free loans in Israel to new immigrant families from the former Soviet Union and Ethiopia and to needy Israeli large families. Our organisation urgently seeks funding for the IFLA's home-loan programme, small business loans, emergency loans, college tuition loans and basic loans for food, clothing, rent and special medical expenses. The IFLA now has £3.1 million in loans circulating and repayments are immediately recycled into new loans. Over 200 new loans are approved each month. Overheads are very low and the default rate is under 2%. The IFLA is inundated with applications and our loans make the difference in helping those newest Israelis become proud self-supporting citizens. This is not charity but classic Jewish self-help. Give a gift or bequest that will last forever.

Even as Israel struggles towards peace, soldiers are still sustaining crushing injuries. BFIWD is a non-political organisation dedicated to helping disabled soldiers rebuild their lives. Sometimes the aid from BFIWD is in the form of specialised equipment. Computerised beds to give an immobilised man movement. Wheelchairs that enable disabled to participate in sports. Portable resuscitation units, specialised ambulances and convertible ambulances which can speed a critical patient to the burns unit in the morning and a group of disabled soldiers to a concert in the evening. Sometimes what's needed is just a moment of change. Since 1974 over 4,500 disabled soldiers have been brought to the UK by BFIWD to stay with caring families. Please help BFIWD to pick up the pieces.

Laniado Hospital in Netanya was established eighteen years ago under the guidance of the Klausenburger Rebbe O"H who, as a holocaust survivor, had vowed that if his life were spared, he would create an establishment where sick people were healed and lives saved. His dream has now grown into a modern hospital, complete with many distinguished departments including emergency, paediatrics, gynaecology, oncology, out-patient clinics, research laboratories, geriatric centre and nursing school. The "British Friends", (Chairman: Barry Bodner) was started by Leo Feiner, a tireless volunteer since the hospital was first built. He now devotes his time to dealing with legacies and inheritance planning which is a major source of income for the hospital. To contact him, please write to 38 Windsor Court, Golders Green Road, London NW11 9PR or alternatively please telephone or fax 0181-455 5176.
